Thank you for adding PDFtab!

PDFtab has partnered with **PDF.live** to add free and powerful PDF editing features to your browser.

.PDF tab

*Powered by PDF.live*

PDF.live Tools

Home

Home toolbar has buttons to Open 📂 , Download 💾 (Save or Convert), and Print 🖨

Subscribers can change the background color and view PDFs in different formats.

Comment

Comment toolbar has buttons to highlight T , add markup TI 📄 🗛 , and add shapes ▢ ⌄

Subscribers can add additional markup, notes, stamps, file attachments, links, video and audio

Edit

The Edit toolbar has buttons to add text T, add images 🖼 , edit text & images 🗎 and add shapes ✏ ⌄

Pro-Tip: If you need to edit a lot of text, convert the PDF to a DOC, make your edits, then convert back to PDF for easy editting.

Protect

The Protect toolbar has buttons to Sign 🖋 and add Password Protection 🔒 to PDFs.
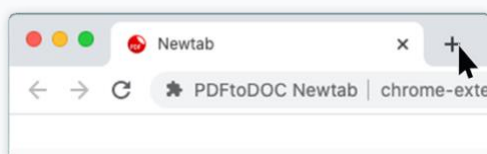

Pro-Tip: You MUST know the password to remove Password Protection

Sign In to create Account

[Sign In]

Use the Sign In button to sign up for a free account and subscribe to unlock premium features.

New Tab

ON Open .PDF links with PDFtab

In Chrome, use the New tab button to access PDFtab. There you can choose to have PDFtab to automatically open .PDF links in the PDF.live editor by default.
